

15-123: Effective Programming in C and Unix

With Hunter Pitelka

Shell, Perl, Regular Expressions, Lab 2 and Exams!

Recitation 4
Wednesday September 17th, 2008

TODO:

- Admin
- Go over Practice Exam
- Lab 2

Exam Tomorrow

- Covers Shell, Perl, Regular Expressions
- Lab 1 and Lab 2
- Except something very similar to the Practice Exam

Lab 2- Perl image downloader

- Due Thursday September 18th at 11:59pm
- Turnin to `/afs/andrew/course/15/123-kesden/handin/lab2/[andrewid]`
- Exact same procedure as last time

Big mistakes from Lab 1

- OMG COMMENT YOUR CODE!!!!
- Make sure your output is exactly as we requested
- If you do something funky, just document it.
 - If you document it, it's a feature not a bug!
- Check all those random cases that we might throw at you.

Practice Exam

I: Shell Scripting

II: Regular Expressions

III: Perl

Not Quite the End

- Remember, office hours every M-Th in WeH 5419C/D
- Best way to study for exam is to write programs, lots of programs!
