Prof. Inkyu Park received his B.S., M.S., and Ph.D. from KAIST (1998), UIUC (2003) and UC Berkeley (2007), respectively, all in mechanical engineering. He has been with the department of mechanical engineering at KAIST since 2009 as a faculty and is currently an associate professor. His research interests are nanofabrication, smart sensors, nanomaterial-based sensors and flexible & wearable electronics. He has published more than 70 international journal articles (SCI indexed) and 100 international conference proceeding papers in the area of MEMS/NANO engineering. He is a recipient of IEEE NANO Best Paper Award (2010) and HP Open Innovation Research Award (2009-2012).
