The word _______ first appeared as the name of a creature in Dr. Seuss's book ‘If I Ran the Zoo’, in which the narrator Gerald McGrew claims that he would collect “a Nerkle, a _______, and a Seersucker too” for his imaginary zoo. The slang meaning of the term dates back to 1951, when Newsweek magazine reported on its popular use in Detroit. By the early 1960s, usage of the term had spread throughout the United States and even as far as Scotland. An alternate spelling, also began to appear in the mid-1960s or early '70s. Author Philip K. Dick claimed to have coined this spelling in 1973, but its first recorded use appeared in a 1965 student publication at Rensselaer Polytechnic Institute. Oral tradition there holds that the word is derived from “X”, as there were 2 kinds of people on campus on a party night – the Ys and the Xs. Word, X/Y?
