Mike Wallace Interviews Ayn Rand

My philosophy, in essence is the concept of man as a heroic being, with his own happiness as the moral purpose of his life, with productive achievement as his noblest activity, and reason as his only absolute.

-Ayn Rand

In this interview, Ayn Rand, author of *Atlas Shrugged* and *The Fountainhead*, capsulizes her remarkable philosophy, Objectivism. She discusses topics ranging from the nature of morality to the economic and historical distortions about the “robber barons.” She also provides some autobiographical information and gives her perspective on the future of America.

A discussion period on Ayn Rand and her unique ideas and philosophy will follow.

**Thursday Sept. 11, 7pm, West Wing TV Room**
