Department of Mathematical Sciences   Fall 2001
Carnegie Mellon University

21-121 Calculus 1 (IM/Econ)

Announcement of Test #3

Test #3 will be administered in lecture on Friday, November 16, 2001. This is a closed-book and closed-note exam. Calculators are not permitted.

There will be a review session on Thursday evening November 15, 2001. The location and time for the review session will be announced in lecture and posted on the course website:

  `http://www.andrew.cmu.edu/course/21-221/calc121.html`

Test #3 will cover Sections 4.1, 4.2, 4.3, 4.5, 4.7, 4.8, 5.1 and the material on infinite limits, limits at infinity, demand equations, revenue, cost, average cost, profit, consumption, savings, marginal revenue, marginal revenue product, marginal cost, marginal propensity to consume, and marginal propensity to save. Geometric formulas will be provided if they are needed.

Although you are responsible for knowing the material covered in Test #1 and Test #2, much of this material will not be tested explicitly. You will need to know this material to solve some of the problems in Test #3.
