01.24.06.W due

MATERIAL SELECTION

As part of the collaboration between 2nd year studio and Steve Lee's M+A class, all students must be paired with a material for our Studio Building Study, which also synchs with a set of small research assignments in Steve's class.

By the end of today's studio (Wednesday), we need to prepare a list of students and which material you will study (**Wood, Metal, Masonry, Concrete**). This will determine the type of building you will work on for the Project 2 Building Study, soon to be introduced. There should be equal sized groups in each studio (3-3-3-3).

| Student Name | Material Choice (Wood, Metal, Masonry, Concrete) |
|-------------------------|--------------------------------------------------|
| 1. Bottini, Ryan | Concrete |
| 2. Folliard, Christina | Wood |
| 3. Grundy, Halley | Wood |
| 4. Helmstetter, Charles | Wood |
| 5. Kennedy, David | Masonry |
| 6. Pacey, Jaclyn | Metal |
| 7. Patel, Puja | Metal |
| 8. Reeves, Donald | Concrete |
| 9. Roll, Rachele | Masonry |
| 10. Taccioli, Diego | Masonry |
| 11. Warman, Paige | Metal |
| 12. Williams, Jerome | Concrete |
