### Assignment 1A-Penn and Negley

For Monday's review, please have

- Floor plan of bookmobile and pavilion (1/2"=1') including site information
- Elevation of bookmobile and pavilion (1/2"=1')
- Building section of bookmobile and pavilion (1/2"=1')
- Detailed section of major building component (3"=1') Reuse exstg section. Show most critical details only.
- Perspective drawing, exploded axonometric drawing, photomontage, or other drawing which shows character of your proposal. Be graphically creative while professional.
- Model (1/2"=1'). Again, craft model well, but be creative in how you indicate differences of materials. Show parts which move.
- Sketchbook pages.
- Be prepared to explain with clarity your proposal. Feel free to bring full-scale mockups of particular items for display.

There will be two jurors on Monday. Both are registered architects, Carnegie Mellon graduates, and both are LEED certified. Both have an interest in sustainable design and materials assembly.
