

Program/Materials

Project II
Galford Studio
8 March 2006

FOR WEDNESDAY:

- 1/4" PLAN OF BUILDING SHOWING SITE
- 1/4" BUILDING SECTION SHOWING SITE
- 3/4" MAJOR WALL SECTION
- SITE SKETCHES, ANALYSIS-GRAPHICALLY COHERENT
- DIAGRAMS AND STUDY MODELS TO EXPLAIN PROCESS
- CONTROLLING STATEMENT/TEXT OF APPROACH

Guys,

For Wednesday, be prepared to present your ideas about Project II. Remember that some strain of Project I should be in your project if only abstractly. Be prepared to explain your use of materials and how they reinforce your idea. Keep your solution simple and elegant, and we will build from there.

Reading: Have one article that you have found that is germane to what you are doing now.

Periodicals: I brought in stacks of magazines that are on the shelves. They are for your use. I will speak with Kai as to policy for their use.

See you tomorrow. Be prepared to describe your idea in detail.
