

# Remote Scenario: Deaf to Deaf

Mom calls Tina

Sender (Mom)

"Recognize my  
gesturers"

Cue for YoG to begin  
translating finger spelling  
letters & number

Text ticker pops up

If there is a translation  
error, Mom can use the  
"Backup" gesture

**Real Time Display:**  
characters are  
displayed and sent  
as recognized.

Text stays on screen until the  
"Hide" gesture is given

"Stop  
recognizing"
