cung4 bat1 zi1 taa1 dik1 tung3 fu2 [repeat] hei2 fun1 nei5...

[V1] Drizzles with breezes dampening the streets of dusk.

Wiping away the rain, innocently looking up.

Looking towards the lonely night lights.

Those sentimental memories.

[V2] Once again, numerous thoughts came back to my heart.

The moments of happiness are still on my face.

Hope you can know, at this moment,

That I am sincerely saying

[Chorus] Loving you, those enchanting eyes,

Those even more charming laughs.

Wish to once again caress you,

That cute face,

Holding hands in whispering night talks,

Like the yesterdays, you and I.

[V3] The idealist me was so impulsive,

Always complaining the lack of freedom in loving her.

Hope you can know, at this moment,

That I am sincerely saying

[Chorus] Loving you, those enchanting eyes,

Those even more charming laughs.

Wish to once again caress you,

That cute face,

Holding hands in whispering night talks,

Like the yesterdays, you and I.

[Bridge] Every night I walk alone,

Wandering off in coldness.

In the past I struggled for myself,

Never realized her sorrow.

[Chorus] Loving you, those enchanting eyes,

Those even more charming laughs.

Wish to once again caress you,

That cute face,

Holding hands in whispering night talks,

Like the yesterdays, you and I.
