Fall 2006

Goals

The semester will focus on two major pieces of software: Adobe Photoshop and Macromedia Dreamweaver. We will also briefly look at some other software.

- ◆ **Photoshop** (taught by Anne Mundell)
 - To learn to import, paint and otherwise manipulate images
- ◆ **Dreamweaver** (taught by Gianni Downs)
 - To learn create web sites.
 - To create a personal website and get it on line

Attendance Policy

- ◆ Consider Computer Applications a job.
- ◆ One Free missed class.
- ◆ Grade goes down one letter grade for each unexcused missed class after one.
- ◆ More than 15 minutes late equals an absence.

Project Lateness Policy

No late projects will be accepted. However, I will gladly change grades for projects that are handed in on the due date and then improved later.

Grading

Please note the School of Drama Grading Standards:

- A** Exceptional work that consistently exceeds the standard of work expected of students in the School of Drama
- B** Good work which meets the standard of work expected of students in the School of Drama
- C** Work below the standard of work expected of students in the School of Drama
- D** Work markedly below the standard of work in the School of Drama
- R** Failing Grade-any required course must be repeated.

Grading will be divided as follows for the semester:

- ◆ Imported Material: 5%
- ◆ Hair Exchange: 5%
- ◆ Face: 5%
- ◆ Website Homepage: 10%
- ◆ Photo Alteration: 10%
- ◆ Rendering/Storyboard: 15%
- ◆ Website: 50%

Grading Criteria can be found on the class website:

Turning in Homework

All homework should be turned in your file on the Drama Server

Textbooks

The following textbooks are optional, but you may purchase them on line or at a bookstore if you want further reference:

- ◆ *Inside Adobe Photoshop CS2*
