

CAPITAL MARKETS SUMMER ANALYST PROGRAM

Lehman Brothers' ten-week summer analyst program provides motivated college juniors with an internship position in one of the Fixed Income or Equities Sales, Trading, or Research areas. The summer analyst Program offers an exciting opportunity for talented individuals interested in exposure to the financial services industry. During the program, analysts will be placed directly in a product area. Analysts will be exposed to the daily flow of business and often are asked to assist in a variety of special projects for their particular business group.

Weekly workshops and seminars are provided to expose analysts to all areas of the Firm. Analysts are assigned junior and senior mentors to provide guidance throughout the summer.

The Divisions look upon the summer analyst program as a primary source for hiring full-time analysts. Accordingly, those who are interested in full-time employment are strongly encouraged to apply to the summer program.
